EXPERIENCE

BOSTON CONSULTING GROUP (BCG), San Jose, Costa Rica **2022 - 2026**
Change & Communications Senior Coordinator (2025 - 2026)
- Scaled enterprise AI go-to-market offers globally by launching a centralized microsite, AI Q&A agent knowledge base and prompt framework, and tailored town halls, creating the change & comms operating model
- Accelerated adoption of AI-infused offers across 2,500+ Managing Partners, coordinating 5+ stakeholder groups and using Claude Skills to execute enablement campaigns 50% faster, embedding messaging into BCG's firm-wide narrative
- Systematized community engagement operations for a 430+ member community, building AI content generation workflows that cut draft iteration time 60% and mentoring junior colleagues to independently lead town halls

Design Studios PM Specialist and Senior Specialist (2022 - 2025)
- Led a portfolio of 15+ concurrent UX/design projects across 10+ client accounts, aligning global stakeholders on delivery roadmaps, resource allocation, and $50K+ budgets to drive on-time execution and commercial wins
- Owned redesign of undocumented quality-control and regulatory review workflow for healthcare digital assets, enabling AI tool adoption, cutting turnaround time 20%+ and scaling new operating model globally
- Built a new scalable GenAI service offering and operating framework with a 16+ person cross-functional team, defining workflows and ways of working that allowed the studio to capture rapidly growing AI-related client demand

ESTABLISHMENT LABS S.A, San Jose, Costa Rica **2021 - 2022**
Global medical technology company founded in Costa Rica in 2004, now listed in NASDAQ: ESTA
Staff Business Analyst
- Revitalized a stalled product pipeline with Agile practices and tracking, accelerating 8+ projects including Snowflake-to-SAP data integrations, technical SEO, 5-language website localization, and a new AWS microsite for US product launch
- Developed 6+ targeted lifecycle marketing campaigns in SAP Marketing Cloud, partnering with marketing and chief of staff teams to strengthen patient engagement across product research, surgeon discovery, and procedure planning

AZUL ARC SOFTWARE DEVELOPMENT AGENCY, Atlanta, GA / Remote **2020 - 2021**
Associate Product Manager
- Orchestrated end-to-end product lifecycle execution across 10+ client accounts, leading 8+ Agile teams through design-thinking discovery, sprint planning, and launch, while aligning stakeholders on roadmap priorities, scope, and delivery
- Drove digital growth initiatives for VinoApp, growing customer acquisition and revenue 50% through refreshed marketing strategy, content development, subscription service, and eCommerce storefront operations
